The Committee will develop a process to create and submit to City Council, via managers Budget Addendum comments on the review of the local sales tax revenues along with other major general fund revenues and expenditures

Public Comment

Ed Rast: When you throw it into the general fund its difficult to pull it out for specific funds. It needs to be in full view of the public.

Special Meeting of the Commission will be held on May 25 to discuss Oversight committee. An Ad-Hoc Committee was created Pete Kolstad D3 will chair the committee and report out at the May 25 meeting

The meeting Agenda was cut short due to the length of presentations from the Fire Department and City Managers Office. Six Ad-Hoc committees will present their final reports at this meeting.

When I receive the Agenda I will pass it along
